

TNT EL Portable Appliance Tester

- ✓ Simple One Button Testing
- ✓ Pass/Fail Indication Plus Actual Test Results Displayed
- ✓ Tests Extension Leads Without An Extra Adaptor
- ✓ Robust Construction
- ✓ Mains Supply Test
- ✓ Earth Bond Test
- ✓ Insulation Test
- ✓ Earth Leakage Test
- ✓ Fully meets AS/NZS 3760
- ✓ PC Connectivity Option
- ✓ Memory Option

If you need to Test 'n' Tag, there is no other unit that comes close in price or quality as well as adhering to the specifications outlined by the AS/NZS 3760 standard.

The TNT-el Portable Appliance Tester is a low cost, Australian made, advanced safety tester that is ideal for all general testing requirements.

This unit tests sensitive electronic equipment that cannot be tested using a standard insulation tester. The TNT-el is simple to use with one button testing, and has a PASS/FAIL indicator. The unit also displays the actual test readings.

TNT EL Specifications

The TNT-el is a simple to use hand held Portable Appliance Tester designed to test the electrical safety of earthed and double insulated 240V AC rated appliances.

The TNT-el is also equipped to test IEC and extension leads without requiring a separate adaptor to check for polarity.

Designed and manufactured in Australia, the TNT-el complies with the requirements of the AS/NZS 3760 standard.

Simple one button automatic testing makes this unit fast and easy to use. A large, clear backlit LCD display shows digital readings of test results & provides prompts to the operator throughout the test sequence.

The TNT-el is suitable for electricians and service people who wish to simplify testing and save time.

What You Get

- TNT-el
- Instruction Book
- IEC Socket to 3-pin Plug Lead
- Earth Bond Lead
- Soft Carry Case

TO ORDER

Part No. TNT-el

TNT-elc (RS-232 Interface)

TNT-elm (Integrated Memory, requires WinPATS™ MX)

Integrated Memory Includes: Memory Storage 5000 items & stores:

Details, Site, Location, Description, Serial Number, Asset Number

- Make Mode, User Name
- Date/Time stamped records
- Direct connection to printer with custom labels & barcodes etc
- Scanner & Keypad (Keypad Supplied)
- Predictive text (T9)
- 4 Libraries 1000s of names of makes, description etc
- Test frequency settings

ACCESSORIES

WinPATS™ MX Software	Part No: WinPATS MX
Tag Printer	Part No: WCM-Z2824
Scanner	Part No: WCM-1200 Scanner
3-Phase Adaptor	Part No: WCM-3Phase
Tinned Copper Braid	Part No: TnT-ES500
Test n Print Pack	Part No: Test n Print Pac

TESTS PERFORMED

CLASS 1 Earthed Appliance

- Appliance Check: Ensures appliance is plugged in and turned on.
- Earth Bond Test: 200mA Test Current, Pass Level less than 1 Ω
- Insulation Test: 500VDC / 250VDC Test. Pass level greater than 1 M Ω .
- Earth Leakage Test: 240VAC Mains. Pass level 5.0mA

CLASS II Double Insulated Appliance

- Appliance Check: Ensures appliance is plugged in and turned on.
- Insulation Test: 500VDC / 250VDC. Pass level greater than 1 M Ω . Measures up to 10 M Ω .
- Earth Leakage Test: 240VAC Mains. Pass level 1mA

Extension Leads

- Earth Bond Test: 200mA Test Current, Pass level less than 1 Ω .
- Continuity / Polarity Test: 250VAC check continuity & polarity of leads.
- Insulation Test: 500VDC / 250VDC. Pass level greater than 1 M Ω .

Mains Supply Test

- Checks Polarity & Continuity of mains supply by LEDs – A-N, N-E, A-E.

RCD Testing

- Leakage test only 2.5 mA
