

# Test n Print + M Pack All-In-One Portable Appliance Tester

The Test n Print+M pack comes with all the benefits of the Test n Print Pack, with the additional feature of memory functionality.

Say goodbye to the days of carrying a computer around with you. The integrated memory module allows up to 5000 items to be stored on the TnT+M itself.

Simply enter a site and user, scan/type in the barcode, enter item descriptions and perform tests. When the tests are completed, a label will be printed out which can be attached the item, and the results will be stored in the TnT's memory so that they can be later downloaded to WinPATS™ MX software for safe keeping. That's all there is to it! For the ultimate experience in Test n Tag, place your order today.
